Wilskracht Waltz rc combines two of the most important and most successful cow families from the Abbink dairy and breeding farm in Vriezenveen. His dam is Pietje 1183, from the Pietje line, which has produced several champions at the Twentse After Summer Show, TASS (NL).

Through sire Wave, the sire line goes back to the Warsi family, with the Jacuzzi dam coming from Warsi 879 (EX 93), the grand dam of Waltz. She won several titles at different shows, including reserve champion in the older cows class at the HHH Show in 2022 (NL).

The dam is also a descendant of the well known Woudhoeve Pietje family of the De Ruyter family. Two strong and proven cow families come together in Waltz rc. A bull with style, for breeders who value cows that produce and perform above average.
